14.11.88

Today I looked at Padre Pio's picture, a great Saint according to Jesus' words, below his picture in an enveloped cellophaned space lies a piece of his clothe, dark-brown, for he was a Capucin. By looking at him I knew that I had received this picture with a small piece of his clothe because he wanted it. So I prayed to him, as he is a great Saint and asked him to improve me in what I have worst in me, then on second thoughts, since I'm probably loaded with evil things I asked him to pick up at least two things from me. I suggested that he helps me efface entirely all my vanity and to strengthen my faith in the Lord.

Lord? ♡ I am, I have inspired you to ask Padre Pio to intercede for you; come, today you will write My Message without hearing Me, I will lead your hand alone:

Today I felt Jesus Cross on my shoulders,
I felt His Heart filled with tremendous pain,
how He suffers ... (Lord)
(For the world that rejects the Lord.)

♡ I am; feel My Cross, rest Me My Child
of Light, I am so weary, stay near Me,
I need to be consoled in this desolation;
My Vassula, hear Me and write; O creation!
My seed! I am your Holy One, but you
are condemning Me, I have loved you
from all Eternity, but you are despising
Me, I have delivered you from Death,

yet you are attacking Me; I am feeding
you daily with My Bread and filling you
with My Wine but in your evil you are offending
Me; I thirst for Love, but you abandon Me
in My thirst, I welcome you when I see
you weary, to rest you in My Heart, yet when
I am weary, you reject Me; I open My
Heart to you, showing you how you have
wounded It, but in your wickedness, you
are repeating your stabs, piercing Me through
and through; I open My Arms to welcome you
and embrace you, but you turn away,

Since yesterday Satan is attacking me ferociously. Jesus had warned me. Satan knows my weak points and he goes for these points. My weakest point is my insecurity for this revelation, mainly because of who I am, I'm not angelical nor holy, I blunder a lot and really know nothing. Then, I sometimes feel that Jesus is not adding any extraordinary supernatural signs; like in other mystics; so Satan attacks me there and nourishes those weak points for his convenience, tormenting me.
